Dear Members of City Council:

One month ago, on the 26th of July, I wrote to you on behalf of the Concerned Citizens Group to request that City Council place a City Charter Amendment on the upcoming November 2006 ballot that would change "SECTION 3 - POWERS, ELECTION, TERM, VACANCIES" in order that council member terms of office be changed back to two years from the current four year term.

As of today, there has been no formal response to this request. With various deadlines fast approaching for placing such a measure on the November ballot, I am requesting a clear statement on whether or not the Council intends to satisfy our request.

Regards,

Richard Noel
President, Concerned Citizens Group
